

The Swedish Ancestry of Amanda Cecelia Johnson-Miller

On November 21, 1884, Amanda C. Johnson was born to Anna Sophia and Carl Victor Johnson, in Stromsburg, Nebraska. Both of her parents were Swedish immigrants. She married Austin Sylvester Miller, and had two children, Grace Evelyn and Austin Ralph. Amanda spent some of her adult life as a rural school teacher. She passed away in Central City, Nebraska on March 8, 1958.

The following pages will include all the records for Amanda Johnson-Miller's Swedish ancestors found in Sweden's archives. Most individuals will have birth, marriage, and household records. I started with Amanda's paternal line

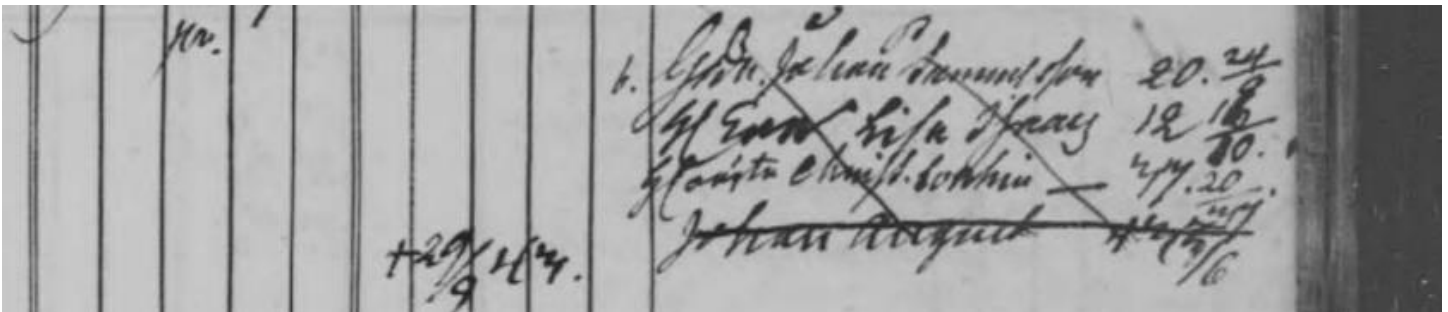

While I have been able to find several documents listing the birthdate of Amanda's grand-father, Johan Peter Samuelsson being born in Ingatorp Parish, Eksjö Municipality, Jönköping County, I have not located a birth record. All Household Examinations list his birthdate as September 24, 1820.

Some time around 1840, Johan Peter married Eva Lisa Danielsdotter. Eva Lisa was born to Daniel Isaksson and Maria Nilsson in Högsby Parish, Kalmar County, Sweden on October 16, 1812 I have not started researching her parents, though I believe both were born in the 1760s and 1770s. Below is Eva Lisa's birth record:

Eva Lisa and Johan Peter can be found in the Household Examinations before the birth of their son, Carl Victor.

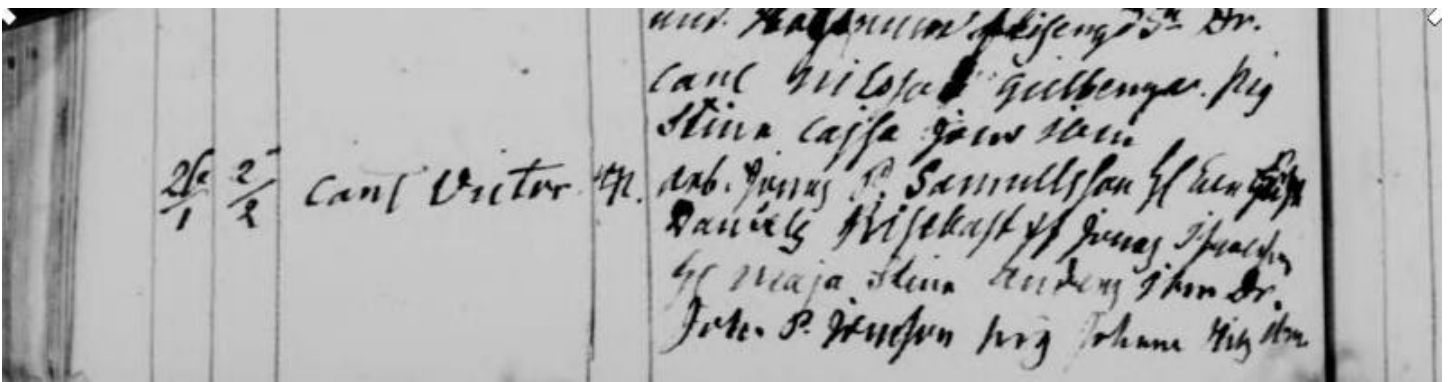

* Eva Lisa was married previously. Her daughter from the first marriage is listed here, Christina Sophia. They also had a son who died shortly after his birth, Johan August.

January 26, 1845 Carl Victor Johansson was born in the Högsby Parish, Kalmar County, Sweden. The village/farm/neighborhood given is Kisebast. Carl Victor's birth record is found in two books, which also list the date of his baptism, February 2nd. His parents are Johan/Jonas P. Samuelsson and Eva Lisa Danielsdotter.

Interesting note: In a letter written to Bob, by either Amanda Johnson or Austin S. Miller, the family knowledge was that Carl Victor was an only child. In this letter and in a Widga family history book from 1973, Carl's parents are not known. Carl's mother Eva Lisa was previously married, and Christina Sophia is her daughter, Carl's half-sister. He was not an only child, but also had two other sisters and a brother (seen in the first HE of his parents) that died before their 3rd birthdays. So, he was the only child of Johan Peter and Eva Lisa to make it to adulthood. I couldn't find a cause of death for his two younger sisters or brother.

On December 11, 1869 Carl Victor married Amanda Johnson's mother, Anna Sophia Widga (or Magnidotter) They were married in Horns, Östergötland, Sweden.

This is the last Household Examination for Carl Victor, Anna Sophia and Carl's parents, in Sweden. Carl Victor's mother, Eva Lisa died in 1872. Johan Peter remarried in 1873 to a woman named Stina Cathrina Nilsdotter. Carl Victor and Anna Sophia had their first child, a daughter named Anna Augusta. The most interesting part is the record shows they family moves to North America, on April 25, 1873.

From 1873 forward the records for Carl Victor Johnson and Anna Sophia Widga-Johnson are in the United States. Johan Peter Samuelsson and Stina Cathrina's records are also in the US. So, now here are the records for Amanda Johnson's maternal Swedish ancestry.

Magnus Widga, Sophia Arvidsdotter-Widga, Anna Sophia Widga-Johnson, Austin Ralph Miller

Amanda Johnson-Miller's maternal grand-father, Magnus Widga was a mystery for many years. The records for his time in the U.S. are clear. The excerpt from *Widga History* compiled by Mrs. Lloyd Widga and Mrs. Lawrence Widga James about Magnus was a great place to start my search for Magnus, as well as some info gathered at Ancestry.com. The history was written 1973, and a lot of records have been digitized since then. I found out a lot more about Magnus and his family.

I

This Widga history begins with Magnus Widga, who was born November 23, 1820 in Ostergotland Sweden. He was married August 25, 1844 to Anna Sophia (last name unknown) who was born February 26, 1816 in Locknevil Calmar Lan Sweden.

Their name was originally Monson, but was changed to Widga when Magnus went into the Army in Sweden.

To this union six children were born namely, Anna, Adel, Christine, Pete, Charles, and Hilma. All were born in Sweden.

Anna Sophia who had the same name as her mother, was married in Sweden to Carl Victor Johnson who was also born in Sweden. They had one child born in Sweden.

On April 28, 1870 they all left Sweden and came to America and settled at Galesburg and Kewanee, Illinois.

In the year of 1873 they all moved to Polk County and settled west of Stromsburg. They lived in a sod house at first three fourths of a mile east of the Swede Plain Church or $7\frac{1}{4}$ miles west of Stromsburg.

Mr. and Mrs. Widga were members of the Swede Plain Church.

Magnus Widga passed away on February 13, 1902 at the age of 81 years 2 months 10 days.

Mrs. Widga passed away on September 10, 1913 at the home of her daughter (Christine) Mrs. John Buckley at Stromsburg, with whom she made her home in her later years. She was 97 years 6 months 14 days at the time of her death.

Mr. and Mrs. Widga's funerals were from the Swede Plain Church. Both are buried in the Swede Plain Cemetery.

They had 26 Grandchildren.

A few things that have been discovered since this piece was written:

- The parents of Magnus Widga are now known
- His wife did not go by Anna Sophia, rather just Sophie
- Her last name is known, as well as her parents
- The last name Monson is incorrect, Magnus's patronymic surname would be Nikolsson
- Widga is indeed his assigned military surname
- No supporting evidence for settlement in Galesburg or Kewanee Illinois
- They left Sweden in 1873 not 1870

Starting with Magnus, I could not find his birth record, not just because of a lack of knowing his real patronymic-surname, but there is a gap in the records. So, knowing his birthdate and location (more accurate location of Hycklinge, found in an Ancestry.com record), I searched through the Household Examination records in the years around his birth. The search was page by page, but after 100 or more pages, a record that matched his first name and birthdate showed up.

The 1821-1825 record was the first HE record I looked through and found this record:

Nicolaus Larsson born in Frodinge August 8, 1774

His Wife, Catherine Svendsdotter born in Hycklinge, March 26, 1781

There are 7 children listed with Magnus being born in Hycklinge, November 23, 1820.

This was only one record, so I searched for more evidence, and followed the family through Household Examinations and other records to be sure. The 1821-1825 HE was the first record I found, but I've put them in chronological order below:

There is a gap in the Household Examinations after this until 1841, Magnus had left his parents by then. I've done a little research on his parents and I've found so far, is the birth record of his father.

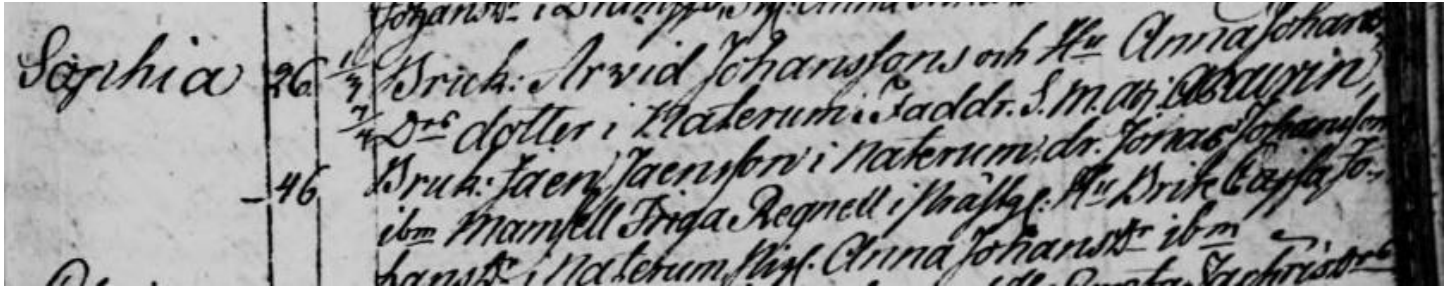

Nicolaus Larsson's birth record: Frödinge Parish, Kalmar County, Sweden. September 6, 1774 (interesting error all other HE records list August). His parents are Lars Johansson and Sara Isacsdotter.

The next Household record for Magnus Widga is the 1841-1845 Household Examination for Locknevi Parish, Kalmar County. By then, he was married and had a daughter. He also was using his Military surname, Widga. Here are some records that cover the gaps in Household Examinations, records for his wife, and Anna Sophia's birth.

Below is the birth record for Magnus's wife, Sophie Arvidsdotter. She was born to Arvid Johansson and Anna Johansdotter in the Locknevi Parish of Kalmar County, on February 26, 1816. I have not researched her parents.

Linköping University Electronic Press maintains a database for Swedish soldiers containing The Younger Allotment System with soldiers enlisted between 1682 and 1901. I was able to find Magnus Widga's report, but there is an error in it. Errors occur mostly because much of the database's information is contributed by volunteers.

The surname listed is Nilsson, which is incorrect based on the Household Examinations that list his father as Nicolaus Larsson. I understand why the mistake was made. It comes down to Household Examinations. In some of the HEs there is another man, Nils Widga that lived at the same location. He is old enough to be Magnus's father, but I looked closely and followed Nils through the HEs. Magnus is never listed as his son. Nils's family unit moves away eventually. I believe the mistake was made because both Magnus and Nils were assigned the military surname of Widga. Sweden assigned military surnames to avoid confusion because there was such a small naming pool in the Swedish patronymic naming system. Names were assigned, sometimes, based on duty or location. I think Widga was assigned by location. The location is associated with Widga is Godhult, in Locknevi Parish, Kalmar County (at least that's my conclusion). Some families kept their military surname after leaving the military and for future generations including our Widga's. Occasionally, you will see Anna Sophia Widga listed by her patronymic surname, Mangidotter.

So far, these are the records that I have been able to locate for our family in Sweden. There are more to find! I mainly focused on our direct ancestors, but there are plenty of aunts and uncles to look up. I will put together some more info about our Swedes in America.
